Rev David G Mason
The following is an extract from a letter written by the Archbishops of Canterbury and York.

'It now seems right to offer guidance at a national level about how the Church of England's worship might best take into account the interests of public health during the current phase of the swine flu pandemic.

The Department of Health have recently advised us that "in a pandemic it makes good sense to take precautions to limit the spread of disease by not sharing common vessels for food and drink". In the light of this advice, we recommend those presiding at Holy Communion suspend the administration of the chalice during this wave of pandemic flu. For those who still wish to offer in both kinds, we recommend the practice whereby the presiding minister, whose hands should have been washed with the appropriate alcohol based rub before handling the elements and the vessels, personally intincts all wafers before placing them in the hands of communicants. This is a practice widely observed in Anglican churches throughout Africa. Communicants receiving in this way need to be confident that the clergy and all assistant ministers follow the relevant guidance on hygiene.'

It is also recommended that when sharing the peace physical contact should be avoided. We will be following these recommendations.

Churchyard Clean

Thank you to everyone who helped with the Churchyard Summer Clean on the 18th July. A record number of people came equipped with gardening implements, chatter and laughter. Before we knew it, it was time for coffee which was prepared in the new kitchen. Then after a quick tidy round all was done. The Churchyard now looks much better for its summer clean. Thank you all.

We need a treasurer! Urgently! You don't have to be a financial genius, just someone who can play their part in running a vital part of our community. PCC Meeting

You will have all noticed that the wrought iron gate on the West side has been painted. We have Mark and Lesile Shaw to thank for that! Open Gardens raised over £2040.00 of which half goes to the church. Many thanks to all involved, especially Alan Stevens and Carol Stork. Ongoing work includes the restoration of the lych gate, tree work, and the application of new sealant to the notice board (thanks to Jeremy Carr in advance). We are also considering the provision of a wildflower garden, an idea floated by Ken Shrimpton and supported by the PCC. The churchyard had its annual clean in July. September is packed with events: 12th Sept there is a sponsored bike ride plus Carlo Curley concert. 14th Sept PCC meeting. 27th Sept is Harvest Festival.
