### Peace and Harmony

**Rev David G Mason**

Two items of news are prominent as I write this. The first is the earthquake in Haiti and the other is the take over of Cadbury's by Kraft of America. In different ways both these items reflect how small our world has become. I am sure that we have all been shocked and appalled by the pictures and reports that have come from the disaster in Haiti. This already very poor country has been extensively damaged with most buildings in the capital destroyed or severely damaged. It has been heartening to see the response to the disaster from so many parts of the world, with rescue teams from China, Europe, America and other parts of the world all travelling to participate in rescue efforts, and we would hope that there will be the same enthusiasm to work to re-build the shattered infrastructure and improve the economy so that some good can come out of such destruction.

For part of my life I grew up in sight (and also when the wind was in the right direction) the smell of Cadbury's Chocolate Factory. The area around the factory had been developed in a most enlightened way by the Cadbury family, and it must have been a most attractive place to live. We have come to look on the firm as a British Institution, and the word 'Cadbury's' is almost another name for Chocolate. The bid from an American Company has come as a bit of a shock, and we may feel that we are losing another precious British Institution.

These two examples illustrate how the world is increasingly being globalised as countries become more involved with and in each other. There is a part of us that resents our apparent loss of independence and status. And yet as Christians we are to work for the establishment of God's kingdom in all the world. The closer countries come together to help each other in times of natural disaster, the more that we are able to communicate easily with even distant parts of the world, the more that we realise our inter-dependence, will help to bring us to realise that developing ways of living together in peace and harmony will be to all our advantage. I believe that we will come to learn that the Christian way of life based on love of God and of neighbour will prove to be the way that we find to be the most effective in living together in peace and harmony, and of working together to overcome the problems of global warming and fairly share the earth's resources.

We welcome any item of general interest for inclusion. Please email items by the 25th of the month to [ousenews@justs.info](mailto:ousenews@justs.info) and put OuseNews in the Subject line.

Thanks to all those who worked so hard to contribute to the services over the Christmas period. Thank you all for the work that you do to keep the church in such a good condition and decorate it with flowers, to contribute to the services and the events held in the church and to make the church so welcoming to those who enter it.

#### **Closure of Brownie Pack**

Because of the age restriction in guiding, I am only allowed to lead the Brownie pack for another 18 months. Unless we can find someone to start training for the Guides Association Adult Leader Qualification by July, the Felmersham and Radwell Brownie Pack will close in December. If you are interested in becoming a leader, or know of a person locally who might be (or has run a Brownie unit) then please let me know (782134) or for more details look on [www.felmersham.net](http://www.felmersham.net).

#### **W.I.**

Those of us who were fans of the T.V. show 'Call My Bluff' were curious as to the format Dot Wigg would use for her talk of the same name. We had no teams; no points; no Frank Muir telling a rambling story of how he had a 'lallygag' while observing 'mollymawks' at a 'bummock'. Dot recommended that we had a show of hands for the answers because some W.I.'s became very competitive in teams – how absurd – but some were quite pleased when they were right! When Dot had read the definitions of the word, she gave us time between ourselves to decide on which one we thought was true, although I doubt whether all the talking was relevant to the task in hand! Occasionally, a word would have three plausible definitions, yet others the most ridiculous, or most obvious, would be correct. Only one or two words were vaguely familiar e.g. panjandrum (well at least one member had heard of it) most were a stab in the dark. We may not have had the T.V. panellists' verbal flights of fancy but we were entertained, educated and informed, thus fulfilling the original values of the BBC! What is a 'lallygag'????? answers on a postcard.....

#### **PCC Meeting January**

It took the combined intellect of the PCC to work out that the village hall door opens outwards and not inwards. After this auspicious start matters discussed included the following:

Summer play activities (on a benefice basis), church security (there have been thefts), vandalism to the lightning conductor, Christian Aid Week, the role of verger (we no longer have one).

I am still collecting old mobile phones and printer cartridges for both Christian Aid and the Kings Arms project in Bedford.

#### **Thursday Club**

We are sorry that the freeze up caused us to cancel the January meeting and look forward to seeing you all on Thursday February 11th and we would love to see some new members. Please telephone Joan - 781722 for transport.

#### **Sharnbrook Mill Theatre**

**Play On: Tue 16<sup>th</sup> – Sat 23rd March 7.45 pm** - Rick Abbott's hilarious comedy, about the trials and tribulations of an amateur drama group rehearsing and performing a murder mystery play, illustrates perfectly the old theatrical adage – if it can go wrong, it usually does! A 'must' for March. Tickets available from 8th February at Sharnbrook Post Office and Bedford Central Box Office (269519).

### **Parish Council Meeting - 12<sup>th</sup> January**

### **Maggie Spoor**

Matters arising - The Boundary Committee have reviewed the electoral arrangements and the number of Borough Councillors will rise from 36 to 40. Also under the review the various wards would change and Felmersham become part of the ward which includes Sharnbrook, Milton Ernest, Souldrop and Knotting.

A quote to repair Felmersham bus shelter roof had been accepted.

**Parishioners Talk Time** - Much concern was expressed regarding the amount of through traffic in Felmersham and Radwell. With the growth of housing in Sharnbrook and the proposed expansion of the Science Park at Colworth House it was felt that traffic would increase even more. A proposal to build a new road from the Science Park to the A6 had been rejected. The Clerk will write to Bedford Borough expressing concern and asking that the rejected proposal be reconsidered.

**Highways** - Retaining wall on Jubilee Lawn to be rebuilt by the Borough Council.

It was agreed to request the installation of a sign at the south end of Memorial Lane warning drivers of long vehicles of the narrowness of the road at the T junction with Church End. A direction sign to the Village Hall could be attached. Salt bins are currently empty.

**Bedford Borough Council Town and Parish Councils Conference** - Mrs Payne, the Clerk, reported on the conference which she had attended.

**Radwell Matters** - Parishioners would like permission to plant a tree on Radwell Green which could be illuminated over Christmas and New Year.

**Finance** - The Parish Precept was set at £12,500 – the same as last year.

**Date of next meeting** - Tuesday 2<sup>nd</sup> March at 7.30 pm in Pinchmill Hall
